

The Last Pipeful of Sickle Is as Fresh as the First

Because you slice Sickle off the plug as you use it, and all the original flavor and moisture are pressed into the plug and kept there by the natural leaf wrapper—so that every piece of Sickle Plug is bound to be fresh when it goes into your pipe. You are sure of a slow-burning, cool, sweet smoke always.

Ground-up tobacco keeps getting drier all the time—so dry that it clogs in the bottom of the package and has to be dug out. No wonder it burns fast, smokes hot and bites the tongue.

When you buy Sickle you get more tobacco—because you don't pay for a package—and you smoke all you get, because there's no tobacco spilled and wasted. Just try Sickle today—your dealer sells it.

Wonderful Skin Salve

Bucklen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. J. T. Sossaman, publisher of The News of Cornwall, N. C., writes that one box helped his serious skin ailment after other remedies failed. Only 25c. Recommended by the Red Cross Pharmacy.—Adv.

WHITE RIVER JUNCTION

Miss Helen R. Neal and George A. Dorr were married here Wednesday, 14th. The bride, who is a trained nurse, is the daughter of Mr. and Mrs. Dan B. Neal, the former, a well known farmer of this town. The newly married couple will be at home to their friends after July first, at their home at Guild, New Hampshire.

MONTPELIER

City Council Discharged Janitor and Adopted Rate for Use of City Hall.

Because of alleged incompetency, Martin Fitzgerald was removed from the office of janitor of the city hall at last night's meeting of the city council. Although part of the aldermen thought Mr. Fitzgerald had done for \$12 a week, the most men would do, others thought the rooms in the building were not properly cared for and other matters had not proved satisfactory. There being a majority of this opinion, Mr. Fitzgerald will be removed, after reasonable notice, and Richard Blackhall will take his place. Mr. Blackhall will receive \$16 a week in the summer and \$22 a week in the winter, with the provision that he hire his own help.

A scale of rates was adopted for the use of the auditorium of the city hall, as follows: For dances or entertainments under direction of people outside of Montpelier, \$35 per night; for dance or entertainment under direction of local people, at which admission is charged, \$20 per night; when proceeds are given to charity, \$10 per night; for conventions and school exercises, no charge.

Chairman Boucette of the finance committee reported estimated expenditures for the year of \$137,916.19, with an equal amount of receipts, based on a grand list of \$76,175.59. A resolution was passed by the council authorizing the borrowing of money by the council to an amount not to exceed \$20,000.

The Odd Fellows cleared some over \$350 from their fair, held recently.

The Montpelier Military band finds it necessary to notify the people of that city that unless more funds are forthcoming, it may be necessary to disband, as the organization finds itself \$800 in debt at the present time. Entertainments will be given and an effort made to remove the debt.

WILLIAMSTOWN

The special town meeting held the 13th was thinly attended, less than 50 voters being present. The sum of \$500 was appropriated in order to take advantage of Sec. 4009 of the laws of Vermont.

H. O. Stoddard, who has been suffering with jaundice, is much improved.

Miss Marion Burno, accompanied by her mother, Mrs. Frank Burno, and Dr. W. J. Howard, went to Burlington, on Wednesday, to Fanny Allen hospital, for an operation for appendicitis.

BARRE DRUGGIST DESERVES PRAISE

C. H. Kendrick & Co., druggists, deserve praise from Barre people for introducing here the simple buckthorn bark and glycerine mixture, known as Adlerika. This simple German remedy first became famous by curing appendicitis, and it has been discovered that JUST A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. Its quick action is a big surprise to people.—Adv.

FALLING HAIR

Many People Have a Simple Way of Stopping It

It was Dr. Sangerbond of Paris who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ, is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of The Times who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchingness, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by the Red Cross Pharmacy.—Adv.

EDUCATIONAL NOTES.

The Chicago board of education has established two "naturalization schools," open four nights a week, to furnish instruction to applicants for citizenship.

This year's session of the Maine legislature enacted a law prohibiting secret societies in the public schools. Another act removes January 1 from the list of holidays.

Y. W. C. A. representatives in and about Augusta, Ga., are working for a public library in that city. A city of over 41,000, Augusta is not yet provided with a free public library.

Technical schools giving courses in architecture will have a special exhibit at the international building exhibition in Leipzig this summer, according to information received at the United States bureau of education.

Madgeburg, Germany, is to have a school for the special training of women and girls as shopkeepers. The city of Berlin has already provided such training by means of special courses for salesgirls in the new continuation school.

Correspondence courses in health will be one of the features of the health instruction bureau to be established at the University of Wisconsin, which aims to reach the people of the whole state with available information on preventable disease, infant mortality, rural hygiene, and other subjects.

A special course in picture framing is given in the Amelia high school, Amelia, Va., and during the past year or two more than a thousand neatly-framed pictures have gone from the school manual training shop into the pupils' homes.

The use of moving pictures in the schools is spreading rapidly in Europe. Recently a professor in Brussels school excited great interest by representing a series of pictures illustrating the progress of aviation from the earliest days to the present. In Prussia the minister of public instruction has approved the use of the cinematograph in all the higher schools of the country, and the official programs give lists of films for geography, history, and science. The expense of this material is met by appropriations from the government and municipalities and by private subscriptions.

DO YOU WANT A GOOD SPONGE?

We mean one that will not tear to pieces, with little use, but will outlast several of the cheaper grades of the same size. It is quality in a Sponge that counts.

We have a fine lot of Florida Sheep Wool Sponges, at reasonable prices, unbleached for general use, and bleached for toilet use.

We also have cheaper grades, but always advise our customers that the best is the cheapest for them to buy.
